Bazı Yabancı Yayınlar

“Table of Contents Service: This service is intended to deliver work-related information to State Employees. Tables of Contents to the magazines you select will be emailed to you, and articles you request will be supplied.” <http://www.statelibraryofiowa.org/services/services/toc>

<http://www.legacyhealth.org/for-health-professionals/tools-and-resources-for-providers/library-services/table-of-contents-service.aspx>

“Table of Contents services (TOCs)

Table of contents services (TOCs) allow you to 'subscribe' to receive the table of contents for a particular journal each time an issue is published. There are a number of ways you subscribe. You can subscribe to a lot of journals from the journal site itself and so if you have a particular journal in mind then go to the journal in the usual way and look for a link to subscribe. You will usually find it on the right hand side.

Other services such as the ones listed below let you search for journals by subject or title and then act as an intermediary to get the table of contents sent to you.

Most of these services ask for the content to be sent via RSS feed. To find out about how to set these up and to subscribe to a RSS feed reader look at the RSS feed page.”

Yukarıdaki sonuçlar Google "TABLE OF CONTENTS" services aramasının ilk sayfasından derlendi.

-----.

Yapılacaklar

Bütün Yordam katalogları taranacak. Arama kutucuğunda Atatürk Üniv. Ktp.deki gibi "öz/özet/içindekiler" olanları tespit edilip tarama uygulanacak.
